

Making sure you have all necessary information marked so your 237 report will balance

The following information needs to be entered into the Blue Ribbon Youth Enrollment program to make sure that when it comes time to print out the 237 report it will balance.

. Following is a list of items to make sure they are marked:

- Categories of members, cloverbuds/mini 4H, and special count in the membership totals on pages 1,2 & 3 of ES237 report.
- All members, cloverbuds/mini 4H, and special must have a valid grade, residence, ethnic designation, gender, race, and valid primary club code.
- Members and leaders of status new, returned, and terminated are counted on the ES237 report.
- Project, general/organizational, activity, and resource leaders count on the volunteer chart on page 4, 5 & 6.
- All leaders must have a valid race and ethnicity.
- All youth leaders and adult leaders must have a 'Y' marked in at least one leader type column.

The *ES-237 Verification Report* and the *MemberQuery* can be used to verify this information.
