... a 3-hour Summer Course for 3rd-6th Grade Teachers

Ed T&L 692-27  
3 Credit Hours, Contract Grading  
The Ohio State University, Newark Campus  
June 13-17, 2005  
8:30 am-3:30 pm daily

**L**ooking for ways to introduce your students to the world of agriculture and life science? Interested in improving your science teaching skills and expanding your collection of science activities that are keyed to state standards? Join us for a hands-on exploration of the latest in agriculture and life science programs for 3<sup>rd</sup> - 6<sup>th</sup> grade classrooms.

**Course Overview**  
**Science Alive in the Classroom**

**Ed T&L 692.27**  
**3 Credit Hours, Contract Grading**  
**The Ohio State University, Newark Campus**  
**June 13-17, 2005**  
**8:30 am-3:30 pm daily**

This week-long course is devoted to the creative and integrated instruction of agriculture and life science topics. Special emphasis will be placed on practical experiences that teachers can immediately use with their students. Each session is taught by Dr. Bob Horton, OSU Professor of Agricultural Science Education, along with various other experts in the field of Agriculture in the Classroom programming.

Topics include:

- **Monday: Plants, Soil & Water**
- **Tuesday: Fish & Fowl**
- **Wednesday: Dairy & Nutrition**
- **Thursday: Weather & Forces**
- **Friday: Classroom Connections**

Elementary teachers, pre-service teachers, science coordinators, Extension professionals, lead science teachers and science mentors are invited to participate.

**Registration & Costs**

**Participants must enroll at OSU Newark for the 2005 summer quarter.**

**Course fees:**

**3 graduate credit hours .....\$794.00**

**3 undergraduate credit hours .....\$463.00**

**Activity fees: (due the first day of class)**
